DATAMET

Wall mount enclosures for indoor electronic instruments, controls and HMI

- Very modern design in three standard sizes
- · Total access to the electronics during installation and servicing
- · Rear section includes holes for fitting PCBs and internal mounting plates
- · Cable glands and connectors can be mounted to the underside of the rear section
- Top section fits over the rear panel and also secures the front bezel
- · Die cast front bezel provides a modern look to the cases
- · Front panels recessed in the bezel to protect controls
- · Pre-punched wall mounting points in the rear panel
- Four M4 earth studs provided inside
- · Two standard colour combinations grey or black
- · All fixings supplied with case
- · Accessory anodised aluminium front panels
- · Accessory internal mounting plate kit and PCB screw pillars.
